

INLAND EMPIRE
66ERS

To whom it may concern,

It is hard to believe that The Inland Empire 66ers has been doing business With Fireworks America for three years. It has been one of the best decisions we have made. Their customer service is some of the best I have seen in there industry. They have taken the time to work with us in various different situations and have worked with us to solve problems that arise. Last minute. They show up ready to work and ready to please the customer.

Every time I have interacted with the staff of Fireworks America it has been pleasant and very professional. I have always had trust in there safety and in their skills to put on a great show. We have never had a single problem with fireworks America's product. Every year fans and staff are blown away by the shows that Fireworks America puts on. I would highly recommend them to any company that is looking to obtain their services. In an industry like baseball where making sure the fan has an enjoyable experience and comes back, I never have to worry about fireworks America helping us do that.
